The Ministry of Tourism is the central organ of the State which is responsible, in accordance with the principles, aims and tasks defined by the government, for the application of the policy for tourism in the public, private and community domains.

Mozambique is a great country that makes a big impression on visitors, not only because of its privileged geographical location but also due to the charm and hospitality of its people.

## Conservation Areas

Mozambique has great tourism and ecotourism potential due to its natural diversity.

## Events

The **festival of National Folk Dancing** does not follow a fixed calendar and the venues change. It was created to foster the study, research preservation and promotion of the cultural heritage of Mozambique. It also contributes to the permanent cultural interchange between different communities in the country thus reinforcing cultural identity and national unity.

This festival is organized by the Ministry of Education and Culture and its subordinate agencies.
